Gentlemen:-

Referring to yours of July 8th relative to change in beneficiary in my policy No 226544 in your company.

I would like a little information further about this policy. Now that it is paid up what becomes of the annual dividends such as I have been receiving on the same heretofore? Are they continued and if so are they added to the policy or what is done with them?

Can I arrange to have \$2000 of this policy paid to my wife and the remainder to my grand daughter? Or if the policy increases in value I would make it \$1000 to my grand daughter and balance to my wife.

I turned the first years dividends on this policy to paying for increased insurance. What is present value of policy or rather the amount the company would have to pay thereon at my death?

Truly yours
